APPROVED 6 unit condominium project in a net zero energy neighborhood. More than shovel ready with 6 geothermal wells already drilled. Designed for sustainable luxury at the Net-Zero Townhomes of New Paltz, this is a groundbreaking residential community in the Hudson Valley. These exclusive, to-be-built townhomes offer a harmonious blend of modern elegance and cutting-edge energy efficiency. Featuring an open-concept design with three bedrooms, two-and-a-half baths, and a finished lower level with a patio, each home is thoughtfully crafted to foster comfort and sustainability. Expansive main-level decks and private outdoor spaces enhance your living experience. Constructed with innovative technology—insulated concrete walls, triple-pane windows, and a state-of-the-art heat recovery ventilation system (HRVS)—these townhomes are planned to be equipped with photovoltaic solar panels and a geothermal heating and cooling system, capable of producing more energy than they consume. Ready for a developer to finish, this is an exceptional opportunity to invest in an energy-efficient future.
