A?ordable in Kingston! Three bedroom 1 bath single family home in a recently improved neighborhood with new curbs, paving and sidewalks. The home features new windows including full length street facing windows in the Living Room, a formal dining room, high ceilings and hardwood floors throughout. Spectacular neoclassical Greek columns add an air of refinement and tremendous curb appeal to the property. Many desirable details set this home apart from others, starting with the gorgeous original glass & oak front door, the amazing black marble mantel in the living room, the tin ceiling in the kitchen, and most importantly the fenced double sized city lot! The solidly built 1 car garage is accessed from Furnace St, and a paver walkway leads you to the back porch through the level yard. Although considered part of artsy Mid-Town Kingston, this 1850's vintage home is a mere 5 minute walk to the very desirable Stockade District or 'Uptown' part of Kingston, NY. It is literally around the corner from the Kingston Library, (currently undergoing a thorough and thoughtful renovation) and the NYS Thruway is a 3 minute drive away! Book a showing to see this as soon as you can!
