Welcome to Juniper Woods. Available for monthly rentals with flexible lease terms ranging from 3 to 6 months or longer. Nestled on four serene acres just minutes from the center of Woodstock, Juniper Woods is a custom-designed, exquisitely renovated residence offering the perfect balance of sophistication, tranquility, and convenience. With over 3,000 square feet of thoughtfully curated living space, this three-bedroom, three-bathroom home is rare, architecturally striking, and deeply livable. Vaulted ceilings and oversized, wood-framed windows invite abundant natural light into every corner of the home, casting a warm glow across the open-concept floor plan. A striking three-sided fireplace anchors the main living area, seamlessly connecting the elegant chef's kitchen with top-of-the-line Miele appliances to a gracious, light-filled sun room that opens directly to the pool terrace and landscaped gardens beyond. Every detail has been considered, from the luxurious materials and finishes to the intuitive layout designed for grand entertaining and quiet retreats. The first-floor primary suite is a sanctuary unto itself. It features sliding glass doors to a private deck, a dedicated study or office, and a spa-caliber bathroom with a steam shower, a Toto toilet, and a deep ThermoMasseur soaking tub. A spacious laundry room completes the suite, creating an elegant, self-contained retreat. Upstairs, two additional bedrooms share a beautifully appointed full bathroom and a ThermoMasseur tub and Toto fixtures. Plush carpeting and custom window treatments add a refined softness to the upper level, which overlooks the great room below. Outside, the in-ground saline pool is surrounded by a backdrop of native woods and curated gardens—perfect for summer afternoons or quiet morning reflections. The grounds offer ample space for exploration, creativity, and solitude, while the home invites ease, comfort, and understated luxury. Few properties in Woodstock achieve this rare combination of privacy, impeccable design, and proximity to town. Juniper Woods is truly a masterpiece of modern living in a timeless setting.
