For Sale: \$549,000

Type: Single Family

Square Footage: 2,340
Year Built: 1965

Nestled atop a rock bluff overlooking the Wallkill River, this 4-bedroom, 2.5-bath home is uniquely integrated into nearly five acres of woods and water. A rare combination of direct river access – yet safely outside a flood zone – lets you kayak or fish from your own property, while natural landscaping, stone walls, and mature trees create a sense of sanctuary. The flexible floorplan offers rare versatility. An open layout flows easily between kitchen, dining, and living spaces anchored by a wood-burning fireplace and a solarium overlooking the river. Each bedroom has its own outside entrance, while the finished lower level with private entry can serve as an in-law suite, guest quarters, or income-producing rental. Recent upgrades include a brand-new 50-year roof, seven whisper-quiet mini-splits for heating/cooling efficiency, a whole-house water filtration system, a Miele dishwasher, and an induction range. Just 90 minutes from NYC, with quick access to I-87, and minutes from the villages of New Paltz, Rosendale, and Kingston, plus SUNY campuses and cycling distance to the Hudson Valley Rail Trail.
