Welcome to Stone Manor, an 18th century inspired estate set on eight verdant acres dotted with mature trees and framed by gentle woodland glades. This fully furnished and turnkey residence is more than just a home. It is an experience where centuries-old craftsmanship meets a thoughtful renovation for a truly one of a kind estate! Arrive along the lantern lit drive and enter into the grand entry hall where soaring ceilings and a central staircase welcome you into a home that artfully balances historic character with every modern convenience. The ground floor unfolds on two distinct wings. On one side, a spacious living area with striking stone hearth seamlessly flows into a gourmet kitchen outfitted with custom cabinetry, an ample pantry, convenient undercounter appliances, and a generous island complete with built-in cooktop and double ovens. Just beyond, a light-filled gallery lined with windows creates an elegant backdrop for formal dinners, casual cocktail gatherings, or simply soaking in the view of the grounds. Across the foyer, the other wing features an additional well-equipped kitchen with an abundance of natural light from its many windows and skylights. An adjoining den with stone details from the original Dutch stone farmstead leads to an expansive and bright sunroom where skylights and picture-perfect windows flood the space with daylight. A generously sized bedroom and full bath complete this wing making it ideal for multi-generational living, dedicated guest quarters, or even a home-based office suite with its own entrance and amenities. Down a striking set of stone stairs, the original stone cellar offers a unique space for a home gym, game room, or wine cellar. Completing the first floor is a half bathroom off the entry hall and an ample laundry room. The upper level, divided by the central staircase, includes three spacious bedrooms and a beautifully appointed bath with deep soaking tub and glass-enclosed shower in addition to the sweeping primary suite with cathedral ceilings, brick fireplace, and a loft overlooking the suite which is perfect for a reading nook, meditation space, or quiet work corner. The primary bath, clad in marble with a freestanding tub, offers a spa retreat. Every element of this home has been thoughtfully reimagined for modern comfort and long-term peace of mind. It has been completely overhauled including new kitchens and bathrooms, finishes and fixtures, plumbing and electrical, central air and heating system, and water filtration system. The exterior has also been upgraded with new siding, windows, shingle roof, and drainage system. Outside, are several distinct patio areas for lounging and dining as well as a custom fire pit for gathering under the night sky. Adjacent to the main house, a 7,000 sq ft rustic barn with five garage bays and a lofty upper level awaits your vision, whether a workshop, car collection, artist's studio, horse stables, or all of the above. Located in the Town of Marbletown, where Kingston meets Stone Ridge, Stone Manor is just minutes from popular towns with a host of dining, shopping and recreational options making it both a distinctive country escape and a vibrant base for exploring the cultural and natural riches of the Hudson Valley and Catskills. Make this singular estate your legacy!
