This charming home sits perched on a hill in the village of Saugerties, just a stones throw away from all that the Village has to offer. This home needs a bit of TLC, but could easily be reimagined into the stunning home it once was. The restaurants and shopping are only a block away, yet it is set on nearly an acre of partially wooded land, surrounded by state owned land with no neighbors besides or behind to give you a sense of peace and quiet. This Colonial offers an open floor plan to the living and dining areas, with vaulted ceilings and exposed beams. The primary bedroom is on the first floor with its own private bathroom and the 2 addition bedrooms are on the second floor. This home has a partially finished basement with a separate entrance in the rear of the home, additional bedroom and a full bath, perfect to host your weekend guests. With a bit of landscaping, the spacious fenced-in back yard could be ready for those relaxing nights under the stars with a pergola, fire pit and above-ground pool. In the side yard, sits the beginnings of a large vegetable or flower garden, that has not been used in quite some time. With a roll of the sleeves and some imagination, it could be turned into a lovely garden for years to come. Just down the road, you will find access to the picturesque Saugerties Lighthouse.
