Year Built:	1957

Renovated Mid-Century Modern Minutes from Woodstock Located just outside the heart of Woodstock, this thoughtfully reimagined mid-century split-level home was transformed by an award-winning architectural designer, blending clean contemporary design with timeless upstate charm. With 3 bedrooms and 2 full bathrooms, the home has been expanded and upgraded from top to bottom offering the perfect balance of modern comfort, character, and function. Outside, brand-new metal siding and a matching roof give the home a sleek profile, complemented by freshly built (multi-level) decks, privacy fencing, and custom planters. The surrounding landscape, with its exposed rock features and intentional design, is a quiet homage to Opus 40, blurring the line between natural beauty and sculptural form. Step inside to find bright, open interiors with new flooring and a fully redesigned kitchen featuring modern appliances and finishes. A series of additional spaces, including a cozy breakfast nook, a secondary living room, and dedicated office, offer flexibility for working, gathering, or simply enjoying the serenity of the setting. Upgrades continue with mini-split systems for year-round comfort, a new hot water heater, and a charming wood-burning stove that anchors the living space with warmth and character. Both bathrooms have been fully renovated with elegant, high-end finishes, and custom built-ins and a new hallway walk-in closet add practical style. Whether you're looking for a full-time escape or a turnkey weekend retreat, this one-of-a-kind home offers peaceful living just minutes from Woodstock's iconic shops, cafes, music, and hiking trails. A rare find in the Catskills, ready for you to move in and start enjoying from day one.
