SUMMER & FALL RENTAL (AVAIL May 25 - Oct 31, 2026) // This unique hilltop property includes two separate structures -- a beautifully designed three-bedroom main house and a private loft guest house offering flexible space so you have accommodations for up to 10+ guests. Tucked away on a private hilltop ridge just under three miles from the pulse of Woodstock, 55 Nordic Drive is a secluded Catskills sanctuary where thoughtful design meets sweeping mountain views. A winding private road leads to this peaceful retreat, where the expansive backyard opens to a landscape that feels like your own boutique countryside escape. Outdoors is where the property truly shines. A heated gunite infinity-edge saltwater pool appears to spill into the mountain horizon, surrounded by lounge chairs and wide-open views. Nearby, a cedar sauna, outdoor shower, and hot tub create a spa-like setting beneath the trees. As evening settles in, string lights glow overhead and gatherings naturally form around the stone fire pit while the mountains fade into twilight. The grounds invite both play and relaxation, with a compact soccer field, hammock, outdoor grill and dining area, and multiple lounge spaces designed for long, easy summer days. The property features two thoughtfully designed structures. The main house is a warm three-bedroom retreat that evokes the charm of a boutique mountain lodge. At its center is a spa-inspired bathroom with a steam shower, offering a calming sanctuary after a day outdoors. The European-inspired kitchen features custom cabinetry and a hidden coffee station tucked behind sliding doors, while the living room's wood-burning fireplace opens onto the deck, creating an effortless connection between indoors and out. In the warmer months, the main deck becomes a true outdoor living room. A large dining table, gas BBQ, and relaxed lounge seating surround a wood-burning outdoor fireplace that frames uninterrupted mountain views. Just steps away, a built-in hot tub offers the perfect vantage point for sunset soaks above the treetops. The main home includes three bedrooms: a primary bedroom with a queen bed, a second bedroom with a full-size bed, and a bunk room with twin beds, along with a dedicated laundry room for longer stays. Just beyond the main house sits a separate loft guest house that offers a peaceful retreat of its own. The loft includes a queen bed on the main level and two additional queen beds on the upper level accessed by ladder, along with an optional twin bed on the ground floor. A private deck overlooks the property's open grounds and surrounding mountain scenery. Additional conveniences include two covered parking spaces along the private road and a dedicated electric vehicle charging station. Close to the restaurants, galleries, and music of Woodstock, yet surrounded by fresh mountain air and wooded privacy, 55 Nordic Drive offers a rare Catskills escape designed for both relaxation and gathering.
