IT'S MAGIC!!! One day, this home was a small 2BR 1 bath cottage. Then POUF - it became a 2046 sq ft, 4BR, 2 bath. 2-story with a huge family room. Located near the Armory area in Kingston, you'll find people out walking, bike riders, and school buses picking up children heading to Chambers Elementary School and Milller Middle School. During summer break, they head to Loughran Park which runs a great summer camp for kids. The home is situated on a deep, sunny lot with a large deck where you can sit and watch the children and animals play. Underground electric is in place for a back yard pool, if you wish. Step in the back door to the 23' x 19.7" Family Room with fireplace and recessed lighting - a great place for holiday gatherings, birthday parties, even sleepovers! Connected to the family room is a fully-equipped eat-in kitchen. While the kids hang out in the family room, head to the living room with a good book and peace and quiet. Two bedrooms and a full bath round out the main level, accommodating those who have difficulty with stairs. Two upstairs bedrooms are very large and are complimented by a big hallway closet and second full bath. Lots of good times have taken place in this home. Why not enjoy some of your own here?
