Tucked away at the end of a quiet dead-end road, just minutes from the center of Woodstock, 9 Chesters Place is the kind of home buyers ask for but rarely find. Lovingly maintained by two resident artists, the house reflects careful, creative stewardship and thoughtful details throughout. The home is nearly new, mindfully designed, and set in a peaceful, private setting. This bright, beautiful home is surrounded by trees in back giving it a year round woodsy feeling. Built just nine years ago, this single-level residence offers the ease of modern construction paired with a warm, inviting feel. Inside, 9-foot ceilings and beautiful natural light create an airy, uplifting atmosphere throughout. The open-concept living spaces are effortless and functional--perfect for both everyday living and hosting friends. Three bedrooms and two full baths provide flexibility for guests, a home office, or simply room to spread out. Enjoy a dedicated laundry room for convenience and organization. What truly sets this home apart is how seamlessly it connects to the outdoors. An expansive deck extends your living space, offering the perfect spot for morning coffee, summer dinners, or quiet evenings surrounded by nature. Low-maintenance by design, this is a home that allows you to focus on enjoying your surroundings rather than managing them--ideal as a full-time residence or a weekend escape. The garage currently houses an artist's workshop occupying half the space -- perfect for creative projects, studio use, or easy conversion to additional storage or parking. This offering captures what so many are seeking right now: simplicity, scenery, artistic charm, quality, and a location that feels tucked away--yet close to everything that makes Woodstock so special. A 3D Walkthrough Tour is available in the digital Lookbook or by request.
