

411 Albany Avenue
Kingston, NY 12401
For Sale: \$599,900

Type:	Single Family
MLS#:	20261854
Square Footage:	0
Year Built:	1920

The sprawling Kingston property was most recently used as a commercial space on the first floor and expansive living quarters on the second floor. Under current zoning, the building can be converted to a single-family home with fairly easy modifications. The property boasts over 6,000 Sf of living space spread over 3 levels offering a world of opportunities for residential living. Meticulously maintained, the building consists of a main first-floor space of approximately 2,600 square feet with a full finished basement of about 2,300 square feet (total usable commercial space approximately 4,900 square feet). The second and third floors consist of a sprawling 2,500 square foot living area featuring 2 bedrooms, 2 full baths, and a large eat-in kitchen with granite countertops, high-quality wood cabinetry, and stainless steel appliances. There is a freight elevator that accesses both basements and the main and upper levels. Other features include high-tech matrix wiring, a security system, and an exterior landscape watering system for easy management. Don't miss the rear screened and open porches of this stately building.
