SWEET, AIRY, LANDSCAPED STONE RIDGE CAPE Tucked into the heart of Stone Ridge, this enchanting Cape exudes the quiet warmth of a true sanctuary -- where period details, cottage charm, and thoughtful modern updates come together in perfect harmony. Two rocking-chair porches set the tone from the moment you arrive. Step inside to a generous, light-filled living room anchored by a wood stove that delivers both cozy ambiance and real heating savings on crisp Hudson Valley mornings. The space flows naturally into a spacious eat-in kitchen outfitted with a gourmet convection oven, ample cabinetry, and room enough to linger over coffee or entertain with ease. Two restful bedrooms, each graced with beadboard wainscoting, deepen the home's vintage character, while a modern bathroom balances comfort with style. A sun-lit loft offers an ideal perch for a home office, yoga practice, or quiet reading retreat. A separate extra room with its own private entrance adds exceptional flexibility and potential income -- an Airbnb may be possible with town permission, or use it as a guest suite, or creative studio. The owner is an artist and musician, and the creativity and restful quality shine throughout! Another wonderful feature of the property is the insulated studio barn: a dedicated space for art, movement, meditation, or any passion that calls for room to breathe. Outside, the grounds are artful -- no surprise, given that the owner is also an accomplished landscape designer. Mature blooming trees, curated flower beds, and a thriving vegetable garden unfold across the grounds. In Spring, a rare Magnolia and French lilacs perfume the air. A private back deck nestled against a backdrop of woods invites long dinners and slower evenings. The greenhouse is included with the property, making growing your own flowers and food a breeze. An attached one-car garage and a full, dry basement round out the practical side of this remarkably complete property. And the location? Minutes to Stone Ridge's charming Main Street shops, restaurants, and services. Davenport's Farm Stand is just down the road for fresh produce, plants, and legendary homemade pies. Woodstock and all its restaurants and music, New Paltz hiking and climbing, and the vibrant Kingston scene are all within easy reach. This is Hudson Valley living at its most livable -- and most lovely. Stained glass window in loft and red refrigerator in guest room are not included in the sale. Seller will also be taking a few perennials with her at closing. County records say the house was built in 1973 but the owner believes it is from the 1930s/40s, and added onto in 1973.
