For your client searching for the idyllic cottage on a charming county road, don't overlook Mountain View Ave. This peaceful location is well set back from the road yet walking distance to the center of vibrant Woodstock with all the charming shops, cafes and art galleries and music venues our town is known for. This charming cottage with Craftsman style features was built in 1923. Renovated through the years, it has original charm of hardwood gleaming floors, large sunny windows and a kitchen that has open flow to the dining and living room. The vaulted ceiling and oversize windows stream light into this spacious central area while the grey stone wood burning fireplace adds coziness in winter and elegance year-round. Off the main room is a wide sunny 3 season porch with lovely hard wood floors and many windows. This could serve as a place to read and relax or use as an office space. There are 2 bedrooms. The primary has 2 large closets and a private bathroom with ceramic tile floors and a glass shower. The second bedroom is smaller with a single closet and hardwood floors. In the hallway you find the primary bathroom with tile floors and full bath. The rear of the house opens to a fine mudroom to trap any cold air, dirty shoes or outdoor playthings. A covered breezeway connects the house to a sturdy one-car detached wooden garage and the basement can be accessed from outside via Blilco doors. A great home in a perfect location.
