Don't let the bedroom count fool you, 54 Boulevard lives much larger than it reads on paper. The centerpiece is a spacious loft-style primary suite, complete with a walk-in closet and its own full bathroom. It's a true retreat, and the kind of layout you rarely find in a home this size. A second well-proportioned bedroom and a full second bathroom round out the sleeping quarters, while a separate bonus room gives you the flexibility everyone's looking for right now; A dedicated home office, a gaming or media room, a studio, or simply the extra space to spread out. The recently updated kitchen is move-in ready, offering modern finishes and function for everything from a quick weekday dinner to hosting friends. Laundry is conveniently located in the basement, with additional storage space to keep the main living areas clutter-free. Outside, the detached garage opens up even more possibility with parking, a workshop, a studio, or the storage you've been needing. All of this sits in the heart of Kingston, minutes from the Uptown Stockade District, the Rondout waterfront, and a growing food and arts scene, with quick Thruway access for anyone commuting or splitting time with the city. Updated, flexible, and rare for its size, schedule your private showing before it's gone!
