The Dug Hill Rd House A family legacy, offered for the first time. Some homes come to market. This one comes to light for the very first. Built in 1969 by the current owner's father, this home has been loved, cared for, and privately passed down through one family. Now it's ready for a new story to begin. Tucked into 13.9 private acres and bordered by over 300 acres of protected state land on two sides, the setting is secluded yet the location remains surprisingly convenient to Kingston, Woodstock, Stone Ridge and so much more while only being 90 Min from the GWB, giving buyers the best of both worlds: privacy without sacrifice. The home offers 5 bedrooms, a dining room, and a large kitchen at its heart, along with 2 updated full bathrooms, an airy living room with vaulted ceilings and recessed lighting, plus an extra room perfect for an office, library, or media room. Below the home is an extra-large drive-under garage with ample space for vehicles, hobbies, and storage. Throughout the home, refinished and new white oak floors bring warmth and continuity to every room, honoring the character of the home. The stewardship behind this property runs just as deep as its roots. Recent, thoughtful updates include a new roof paired with 31 owned solar panels engineered for net zero metering, fresh paint throughout the interior with new exterior stain, new garage doors, a new well pump and pressure tank, new gutters, an updated HVAC system with central air, spray foam insulation in the roof and a third of the basement, and windows less than 10 years old. Every improvement has been made with the same care the original owner put into building it, creating a home that's move in ready, energy conscious. An incredible opportunity waiting for you, offered to the public for the very first time.
