A private Hudson Valley retreat where nature, comfort, and everyday living come together. Set on 2.3 acres, this 3-bedroom, 2-bath Mid Century Modern brick home offers a peaceful setting with a surprising array of outdoor spaces to enjoy. Stepping inside you are greeted with gleaming hardwood floors and a bright open floorplan. The main living space is flanked by 3 large windows in the front looking out into the pollinator garden and sliding glass doors leading to the expansive cedar deck off of the dining area. The updated kitchen features a stunning glass backsplash, updated appliances and a beautiful garden window that draws you outside. The main bath offers radiant floor heating, a skylight and full tub. As you make your way past two large bedrooms, you come to the primary suite. This well thought out space was meant to be a sanctuary. Ample closet space and a new ensuite bath, featuring radiant floor heat, large glass walk-in shower with beautiful stone and glass tile. Step through the sliding glass doors from your bedroom to your private 3 season room overlooking the entire back yard. All of the main living spaces are attached to the expansive cedar deck. Outside is where this property truly comes alive. A small waterfall feeds a gently flowing stream, creating a soothing natural soundtrack throughout the backyard. The expansive cedar deck, screened porch, fire pit, mature trees, gardens, greenhouse, outdoor shower with a clawfoot soaking tub create multiple places to relax, entertain, garden, or simply enjoy the changing seasons. The property also offers a one-car attached garage plus a detached two-car garage with a greenhouse, solar panels, a fenced, raised bed garden, and a pole barn. Still need more room? Adjacent to the driveway is a fully fenced area approximately 60x90 that can be your blank canvas. This piece of the property has been many things over the past 60 years to include a built-in pool with outdoor dining and most recently additional gardening areas. A special property with room to breathe, spaces to gather, and the feeling of having your own private piece of the Hudson Valley--yet still close enough to enjoy everything the region has to offer. 2.3 Acres | 3 Bedrooms | 2 Full Baths | Hardwood Floors | Radiant Heated Bathroom Floors | Screened Porch | Cedar Deck | Waterfall & Stream | Fire Pit | Greenhouse | Outdoor Shower & Clawfoot Tub | Attached & Detached Garages | Solar Panels
