HUDSON VALLEY
REAL ESTATE BROKERAGE

393 Buck Road
Stone Ridge, NY 12484
For Sale: $2,200,000

Type:	Single Family
MLS#:	20265133
Square Footage:	0
Taxes:	$1,284
Year Built:	2026

Set on a beautifully landscaped lot in the heart of Stone Ridge, this brand new modern farmhouse is thoughtfully designed and built to last. Every detail at 393 Buck, from the hand-finished millwork to the panelized appliances reflects a level of craftsmanship rarely found in new construction in the Hudson Valley. From the moment you arrive, the home's exterior details set the tone: a natural stone chimney, SmartSide wood siding, architectural shingles with metal roof accents and an oversized front porch anchored by natural stone piers, wood beams and columns and finished overhead with a nickel gap shiplap ceiling. This premium level build quality continues when you step inside. Throughout the house is 6-inch glued and nailed white oak flooring. A floor-to-ceiling natural stone see through gas fireplace, connects the living room and kitchen, a dramatic centerpiece that keeps the open concept spaces feeling both grand and connected. The living room enjoys 14-foot ceilings allowing air and light to define the experience. Fixture and recessed lighting are placed throughout and custom V-board hallway accents add another layer of craftsmanship. The kitchen is built for a serious cook with quartz countertops, a full backsplash, a 7-foot seated island complemented by a farm sink, a pot filler and under-counter and cabinet lighting. The appliance suite includes a 36-inch Wolf gas cooktop, a Wolf double wall oven, panelized Liebherr refrigerator and a panelized Bosch dishwasher. A dedicated laundry room with its own washer, dryer and stainless steel sink keeps everyday living effortless. The ground floor primary suite includes a 14-foot ceiling with exposed beams, a massive ensuite bathroom and a custom-built walk-in closet with built-in shelving (a feature repeated in every closet and the pantry). The nickel gap shiplap ceiling carries into the primary suite as well. The spa-like primary bath features radiant heated floors, a soaking tub, a glass enclosed shower and a Toto toilet. Upstairs offers a private living space with its own full bath and dedicated heating and cooling. Extending the indoor living area outside is a large covered bluestone patio with a second natural stone gas fireplace that anchors the patio for three-season entertaining. Below ground, a full 2,400 sqft basement with 8 foot walls offers the option to expand your living space with access via both an interior stairway and Bilco cellar doors. This space could be used in a variety of ways including a home gym, studio or office space, a recreation level or family room. The attached two-car garage is equipped with chainless openers, insulated doors and an EV charger while the whole-house generator provides year-round peace of mind. This home was engineered to perform as beautifully as it looks. It's built to stretch the energy code, with spray foam insulation throughout, Andersen 400 series windows, high-efficiency propane hydro-air heating and central air conditioning, delivering comfort and efficiency year round. 10 min to Inness, Westwind Orchard and Arrowood. 20 Minutes to some of the region's best hiking at Minnewaska and Mohonk Preserve. 10 min to High Falls and 25 min to Kingston, Woodstock and New Paltz.
