Set well back from the road and sited on 4+ acres, this wonderful 1935 farmhouse has been updated over the years yet retains its original charm and character. Most recent upgrades within the year include a new kitchen with marble and butcherblock counters, a completely renovated main bathroom, new roof, and more. The grounds are lovely with established perennials, level grassy meadow and woods to the rear. The front entry leads you through a cozy den, which is perfect for a reading or media room, and then beyond to the heart of the home - a bright and sunny open plan kitchen/living/dining area with wood burning stove. The large screened in porch is deliciously inviting for 3 season enjoyment of the backyard and garden views. Additionally on the first floor there is an office, laundry and utility area and full bath. The second story landing is a wonderful surprise. A dormered sitting room with sunlight streaming in serves as another flex space which could be a music room, yoga/exercise room, home office, or art studio. From there the bedrooms and bath branch off in opposite directions creating some buffered privacy between them all. There is an outdoor sauna in the building to the rear and a separate 936 sq. foot 2 car garage that was added in 2018, fully insulated with 200amp service. Possibilities are abundant everywhere on this property for artists, writers, musicians, entrepreneurs, and those seeking a Woodstock lifestyle in a very convenient location. 5 minutes to Woodstock Village, 15 minutes to Kingston. A 3D Walkthrough Tour is available in the digital Lookbook or by request.
