Pride of ownership is very evident in this move-in condition, air-conditioned home in this quiet Kingston area neighborhood. Wonderful features include an oversized, lovely backyard with tall hemlock hedges, a very convenient, yet quiet location minutes from uptown, midtown, downtown and the Route 9W shopping corridor, yet set away from the hustle and bustle. The house is a mid-Century split level with LR, DR, Kitchen and enclosed porch on the main level, with 3 bedrooms and an updated bathroom up a short staircase, Plus, there is a very comfy finished lower level with large windows and 1/2 bath.(behind the decorative fireplace there is a hook up which could be used for a modern wood or pellet stove with a masonary back wall chase) This home has been beautifully maintained by the long-term owners who have updated and really cared for it consistently during their ownership. Off the kitchen is a really nice enclosed seasonal room. A list of upgrades is available, as is a survey map. The new owner can move in with confidence that there will be no unwanted surprises coming their way and they can enjoy their new home from day one. Note; there are hardwood floors under the carpeting in the bedrooms except the loft area.
