Welcome to 41 Wardwell! A Woodstock home with a rare combination of privacy, proximity, and charm! Tucked away on 2 private acres, it is the last home on a quiet Woodstock lane. With three bedrooms and two and half baths and 1976 square feet there is ample room for living, entertaining, and creating. Originally built in 1975 as a log home, with two great rooms, natural stone fireplace, rustic kitchen with exposed beams, and all new appliances. (Please ask your agent for the list of improvements.) The vaulted living room features a hand laid river rock fireplace as its focal point. The second great room (exposed beams, high ceilings, wood floors) opens on to a large deck, perfect for entertaining or quiet contemplation of the undisturbed wooded property. The upstairs bedroom and full bath offers additional privacy in this well conceived home. In addition, it has been tastefully updated with modern solarium connecting the upstairs with the contemporary lower level (which has its own bedroom, bath, and exterior access). The parcel includes a storage/woodworking shed, mature plantings, dramatic bluestone outcroppings, and a newly refinished driveway. Lovingly maintained, quiet, and outrageously convenient to Woodstock and its environs, this home is a wonderful choice as a primary or second/part-time home. Buyers agent to confirm all pertinent information including acreage, square footage, taxes, etc. Some photos may have been taken with a wide angle lens.
