A brand-new home with views! This newly constructed two-bedroom, two-bath ranch with additional home office offers a rare opportunity to rent a truly new single-family home that combines fresh finishes, modern efficiency, and a beautiful Hudson Valley setting. Inside, a bright, open layout makes everyday living and entertaining feel effortless. The kitchen pairs granite countertops with stainless steel appliances and an island that brings the space together, while forced-air heat and central air conditioning provide comfort throughout the seasons. New construction and high-efficiency features add to the appeal of a home designed for easy living. Start your morning on the covered front porch, finished with a new concrete slab for easy maintenance, and enjoy seasonal views of the Catskills. Out back, an elevated Trex deck creates a beautiful perch for dining outdoors, unwinding, and taking in the mountain views. A newly sodded lawn completes the welcoming setting. The location puts the best of the area within reach: the village of Saugerties' independent shops, restaurants, and cafes; walks to the Saugerties Lighthouse; the trails at Esopus Bend Nature Preserve; and the remarkable sculpture landscape at Opus 40. Kingston, the Route 9W corridor, and access to the New York State Thruway add everyday convenience, with Catskills adventures an easy addition to your weekends.
